

HOW TO INSTALL 4 OR 5 PAIRS OF SKIS INTO THE ISM

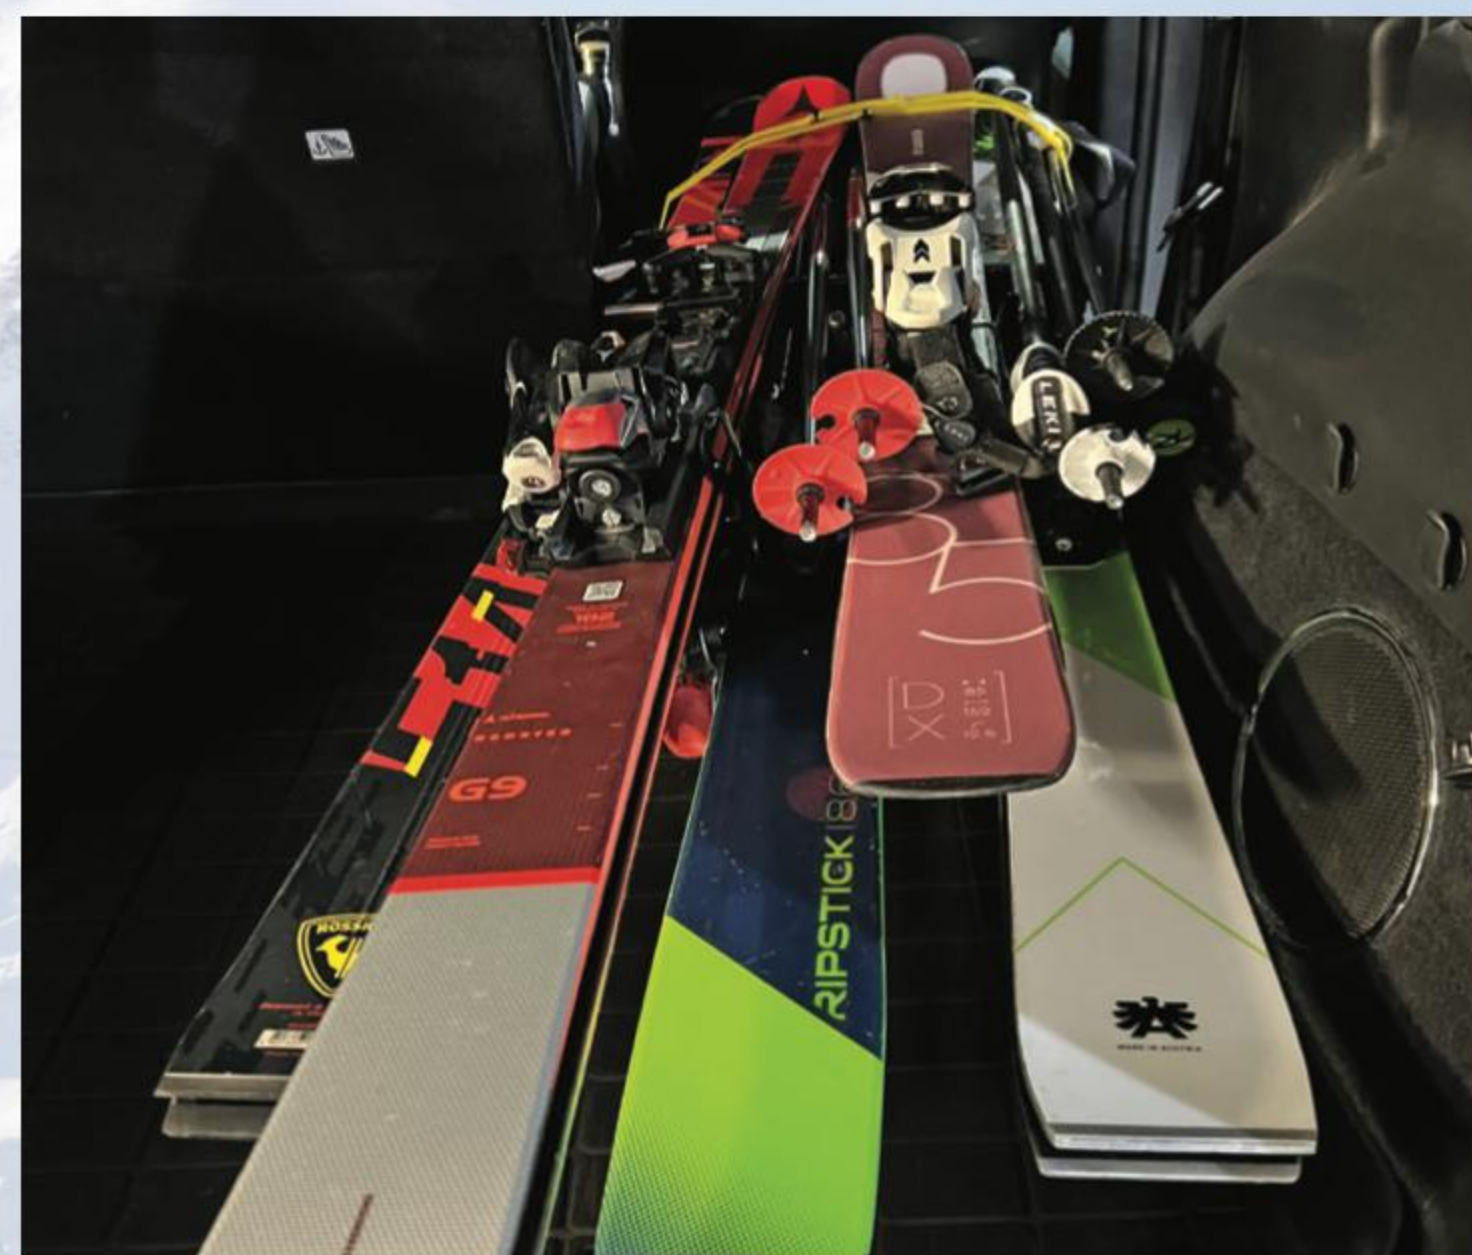

Step 1: Place the first 3 pairs of skis into the ISM as normal.

Step 2: Pairs 4 and 5 need to be stacked as shown above with the lower binding extended, this creates a leg.

Step 3: Skis 1 and 3 are shifted towards the outside to create a space for the 4th and 5th pairs to sit between with the lower binding extended through the spaces you just created.

Step 4: Place poles on top of the skis and then secure in place with the yellow Velcro strap.

Optional Step 5: Utilize the included extra yellow Velcro strap to wrap around both the ISM/Skis and folded down seat back to further secure in place when no carpet is present.

The Interior Ski Mount is designed to hold up to five pairs of skis and poles or a combination of one set of skis and one snowboard.

The ISM uses Velcro to attach to the carpet of your vehicle. No carpet, no problem - use the enclosed extra strap. Just follow the simple instructions on how to use the ISM and eliminate your skis and poles from disconnecting and scattering.

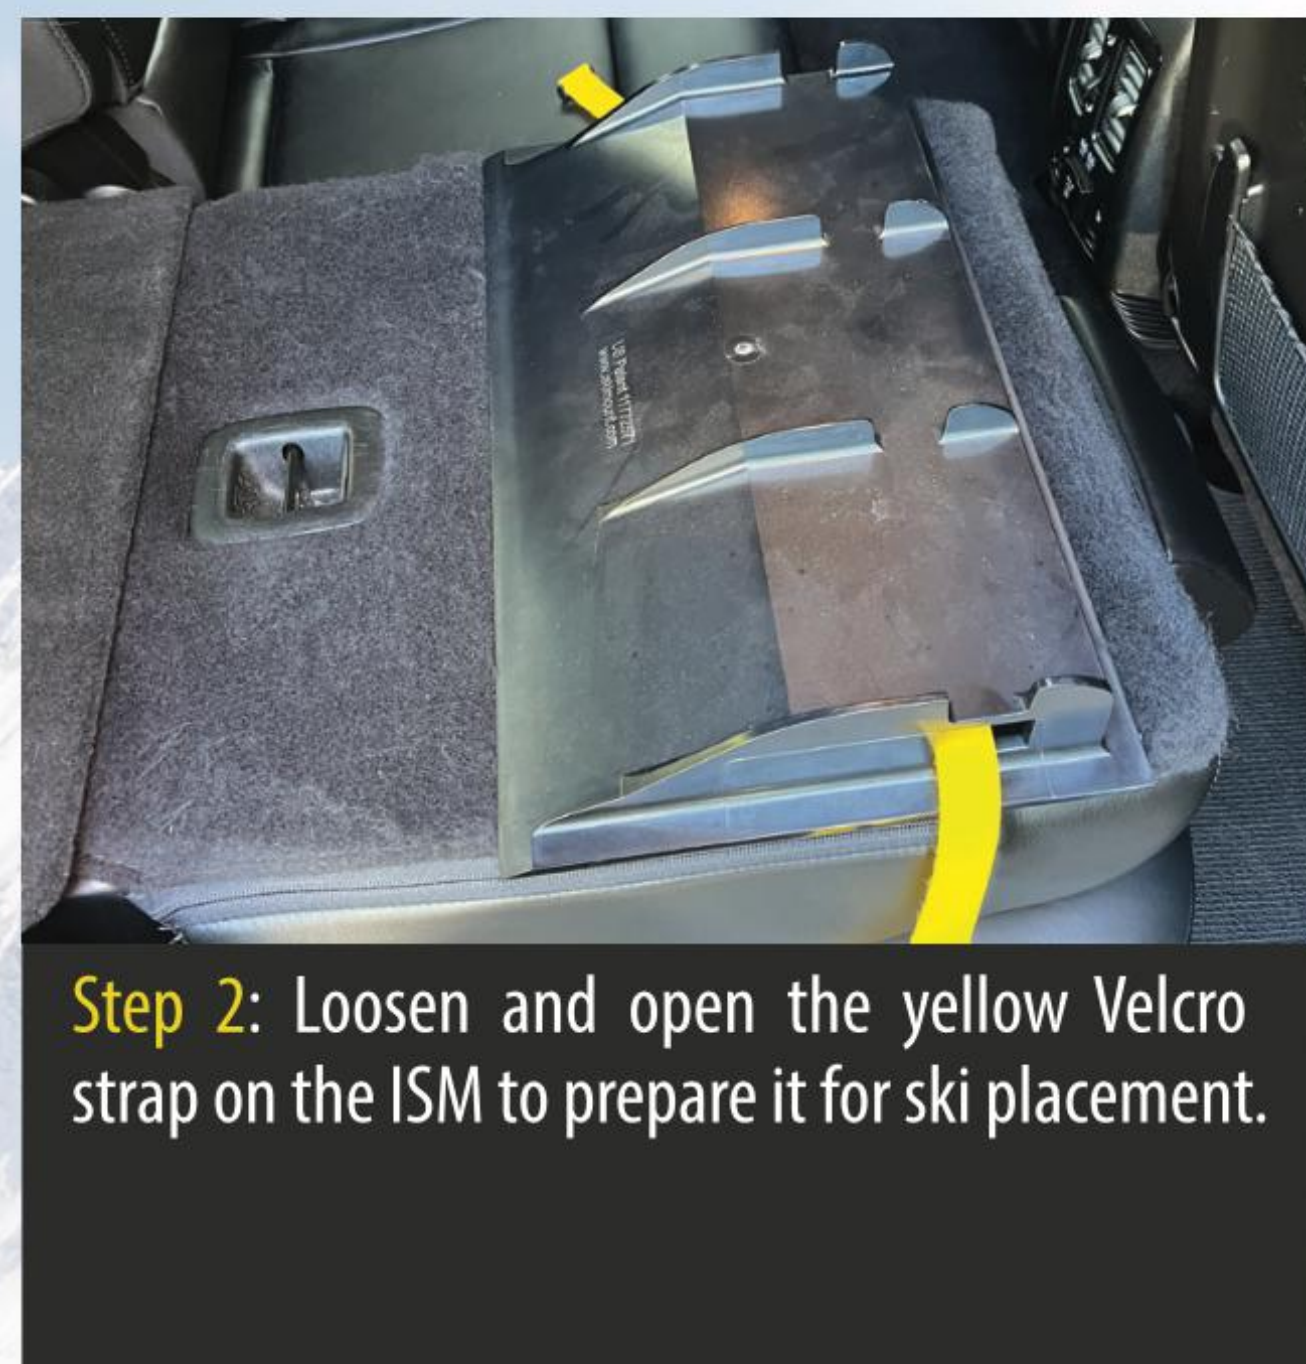

It's so simple it's genius!

HOW TO INSTALL UP TO 3 PAIRS OF SKIS INTO THE ISM

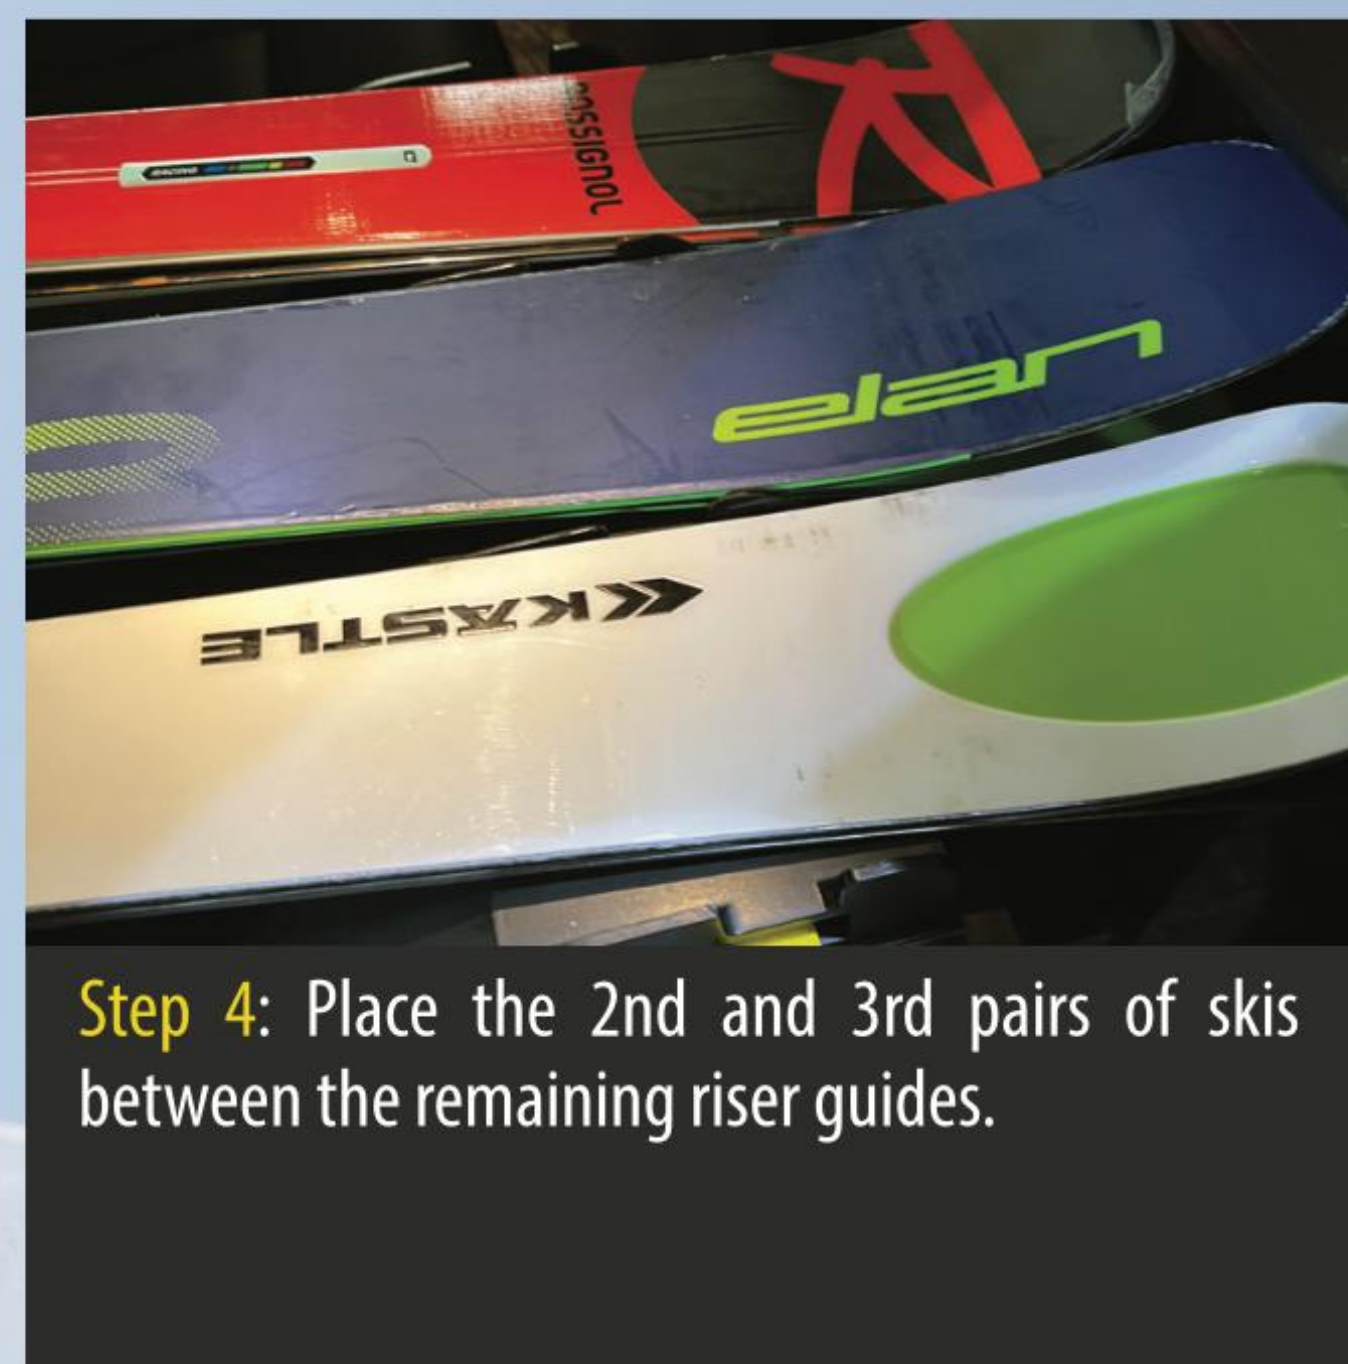

Step 1: Fold down one of your rear seats. Then attach the ISM to the carpet on the back of the seat with the Velcro that is on the bottom of the ISM.

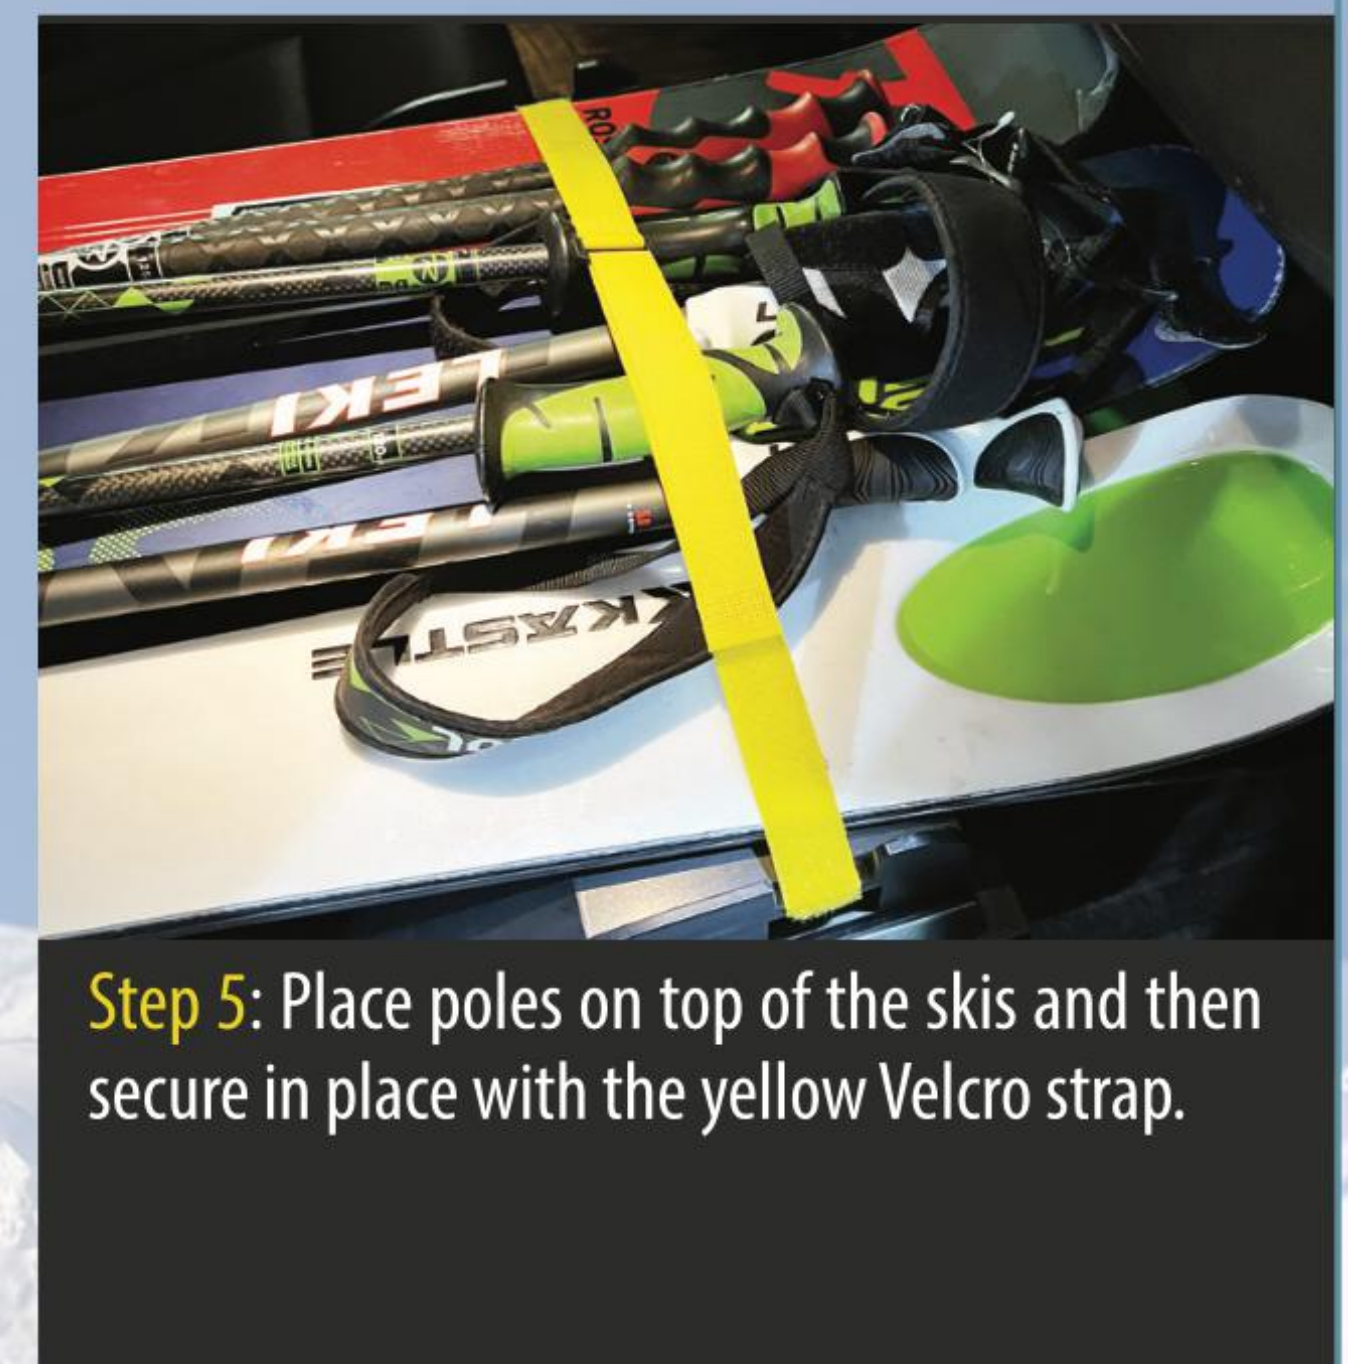

Step 2: Loosen and open the yellow Velcro strap on the ISM to prepare it for ski placement.

Step 3: Place the first pair of skis into the ISM between the riser guides.

Step 4: Place the 2nd and 3rd pairs of skis between the remaining riser guides.

Step 5: Place poles on top of the skis and then secure in place with the yellow Velcro strap.

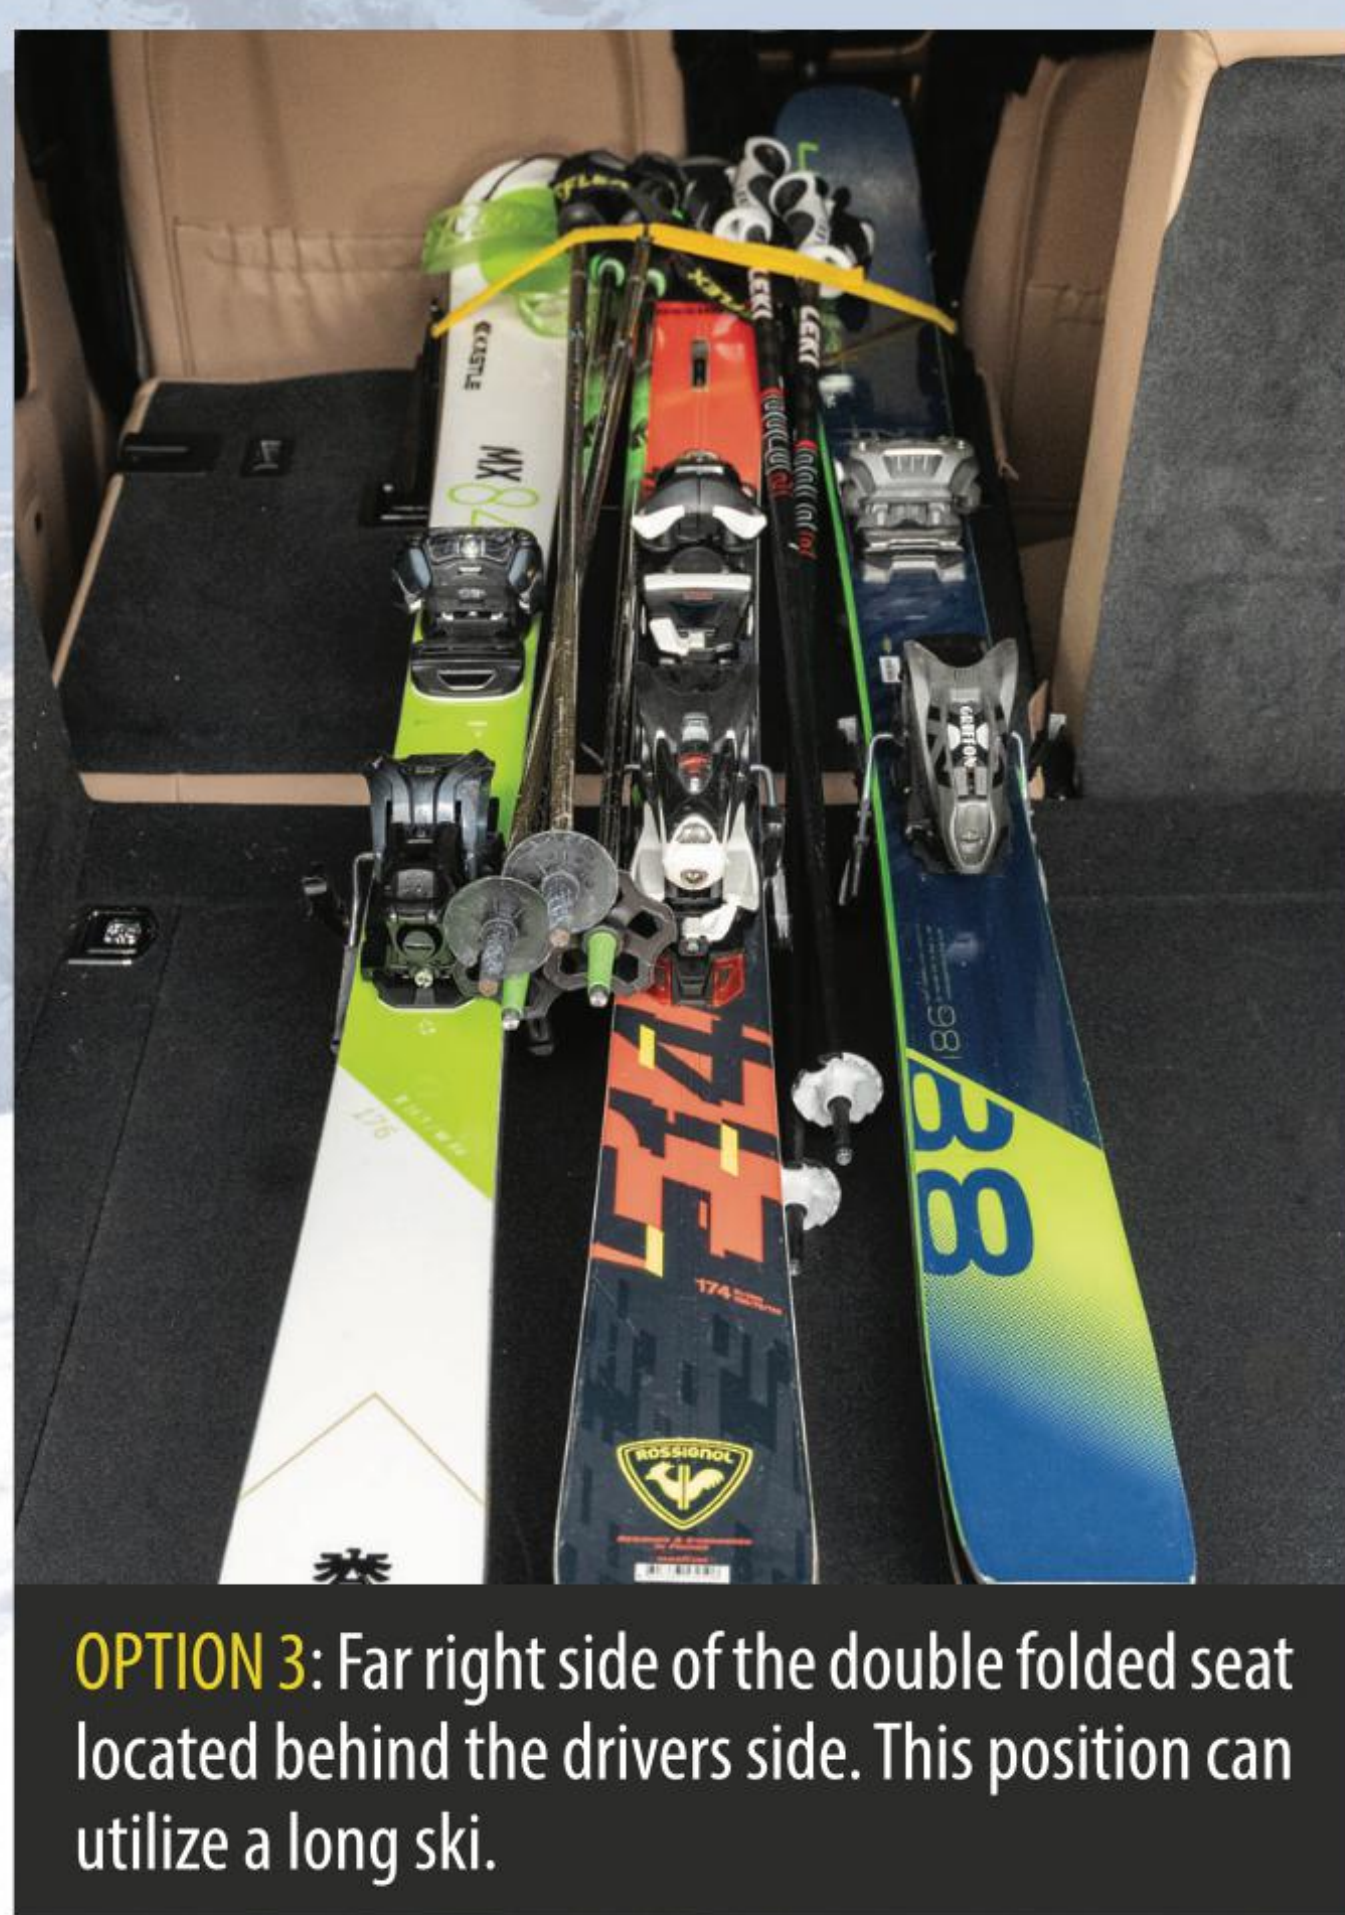

RECOMMENDED THREE INSTALLATION POSITIONS FOR THE ISM

OPTION 1: Is located behind the front passenger seat. This is the preferred location.

OPTION 2: Far left side of the double folded seat located behind the drivers side.

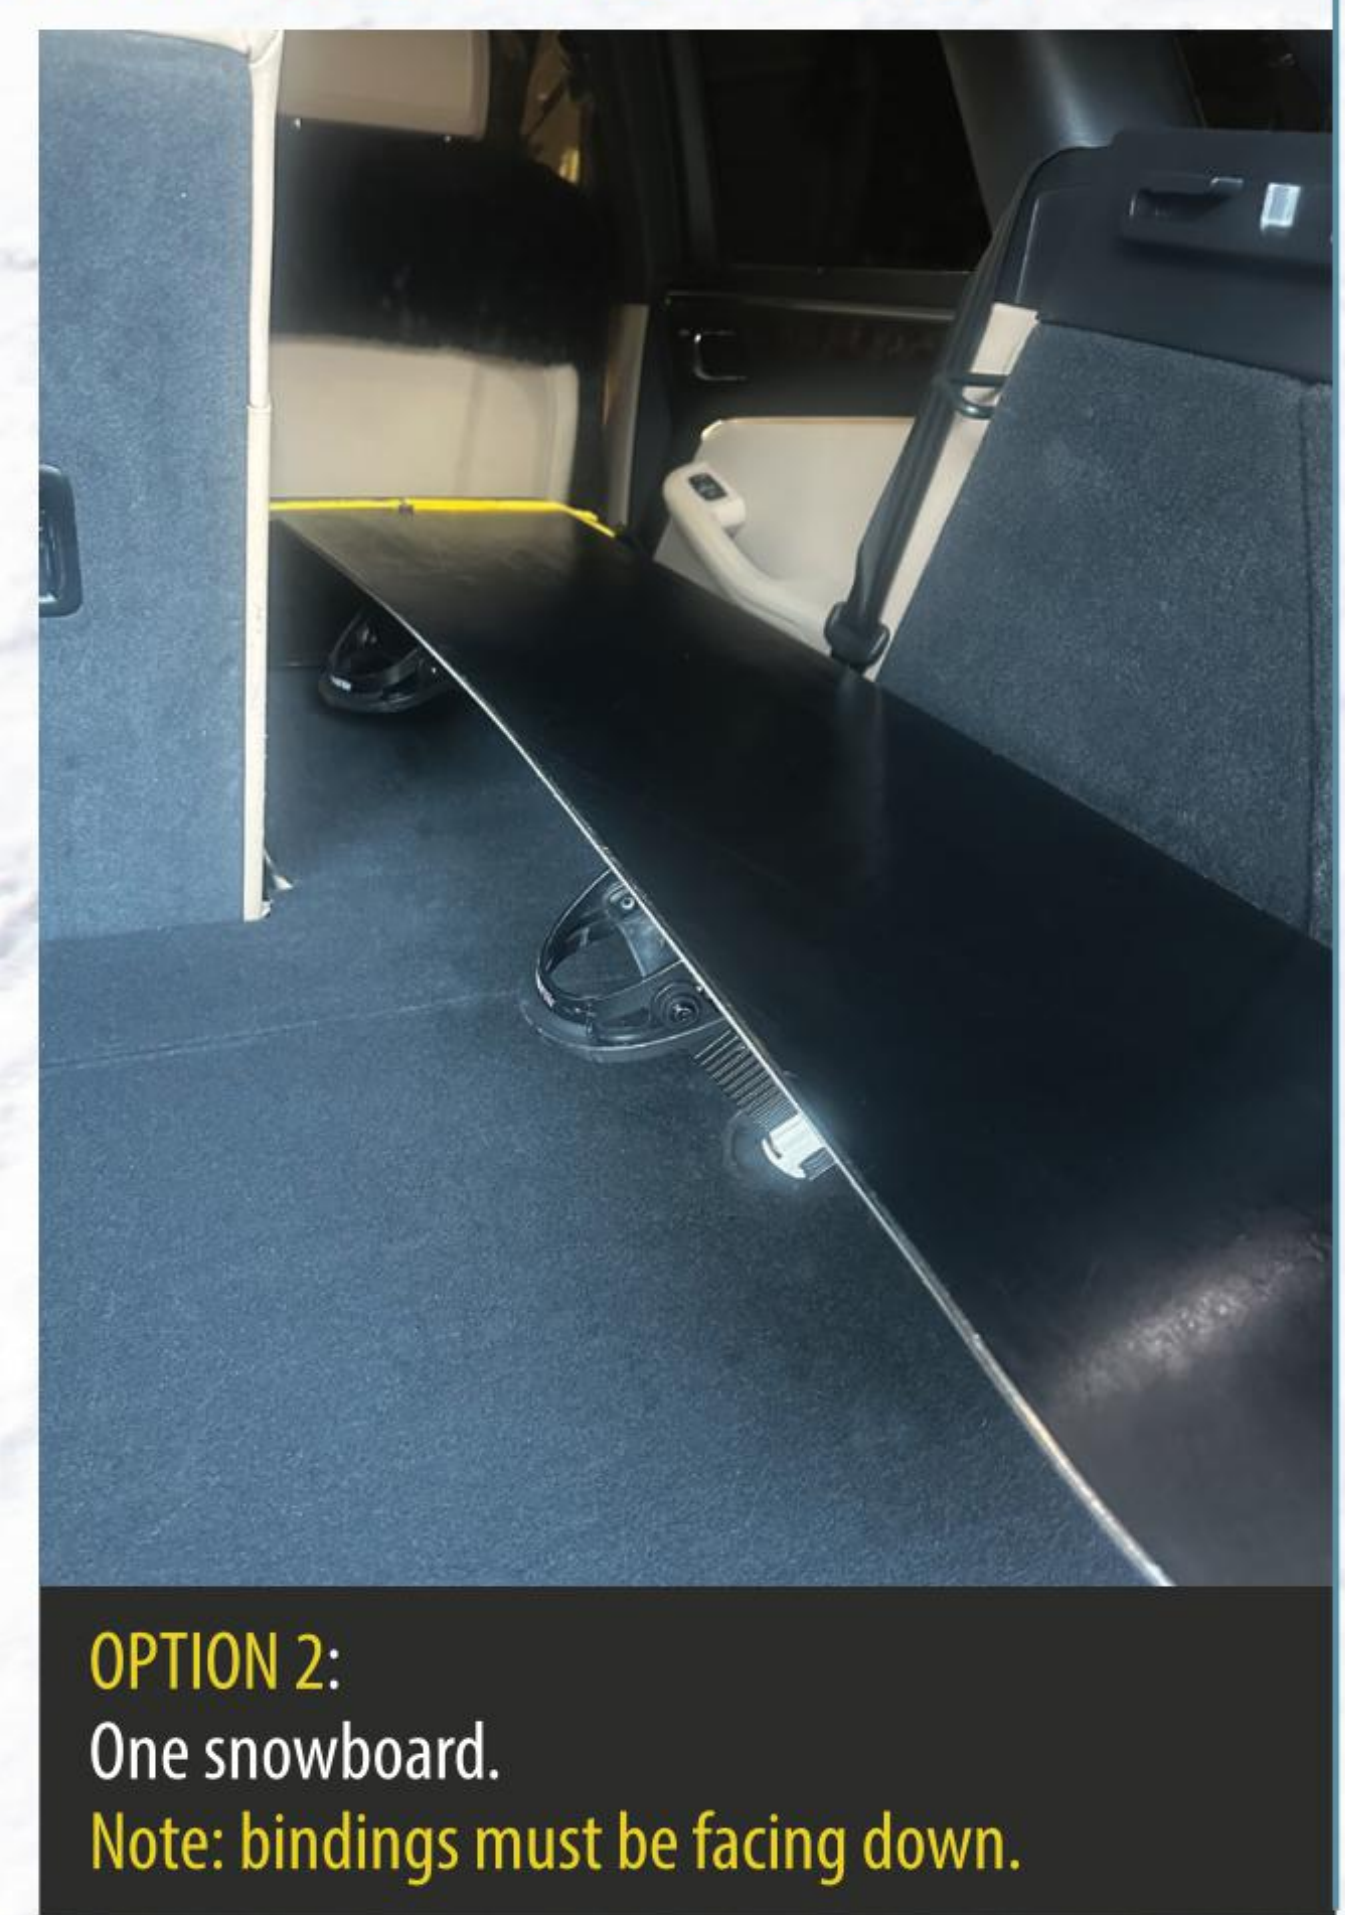

OPTION 3: Far right side of the double folded seat located behind the drivers side. This position can utilize a long ski.

INSTALL OPTIONS FOR SNOWBOARDS & SKI/SNOWBOARD COMBINATIONS INTO THE ISM

OPTION 1: One pair of skis and one snowboard.

OPTION 2: One snowboard. *Note: bindings must be facing down.*

Cynwark Corp is not liable for any injuries / damage caused by improper use of the ISM, or equipment coming loose if vehicle is involved in an accident or heavy evasive maneuver.
