IMPORTANT INFORMATION

Freestanding Firearm Rack

Manufactured for Spire LLC in Vietnam

Quantity: 1

WARNING! The product is NOT intended for use by any person under the age of 18 years old. You must be over the age of 18 to install or use the product.

WARNING! Strictly follow all instructions to avoid an accident, damage to property, personal injury or death.

READ THE ENTIRE USER MANUAL BEFORE INSTALLATION

The User Manual you received with your product provides instructions on how to install and use your product. The instructions are written for a person with a basic understanding of tools and procedures. Read the entire manual before proceeding. If you do not understand any portion of the instructions, do not attempt installation, and email us with the information on the cover.

CORRECTLY INSTALL THE PRODUCT

Read and follow all instructions carefully.

Failure to properly install and use the product could allow the product to dismantle or fall, injuring persons or personal property in the process. Accordingly, it is critical that the product be assembled and installed correctly and according to the instructions in the User Manual.

USE TOOLS SAFELY

The procedures in the User Manual may require climbing ladders and/or operating power tools. Make sure you are familiar with these tools and their safety procedures before attempting to use such tools during installation. Always be aware of electrical wires during installation. Failure to do so could result in an electrical shock or death.

CAUTION

It is the consumer's responsibility to install this system in accordance with all codes, ordinances, and local regulations.

When installing the product, it is the consumer's responsibility to ensure the structural integrity of the structure it is being mounted to.

The product is intended for the storage of sporting equipment only. Do not use it for any other purpose.

This system has a maximum capacity stated in the following section. Overloading the system could result in damage to property or injury.

Use extreme caution when loading and unloading equipment from this system.

It is the consumer's responsibility to ensure that the system is in proper working condition before loading objects onto the system. Check tightness of all bolts and screws periodically. Failure to properly maintain the system could result in damage to property or injury.

WARNING AND DISCLAIMER

Spire LLC (d/b/a StoreYour) expressly disclaims any and all liability for personal injury, property damage or loss, whether direct, indirect, incidental, resulting from the incorrect mounting, improper use, inadequate maintenance, or neglect of this system.

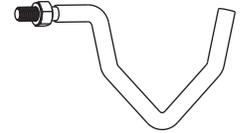

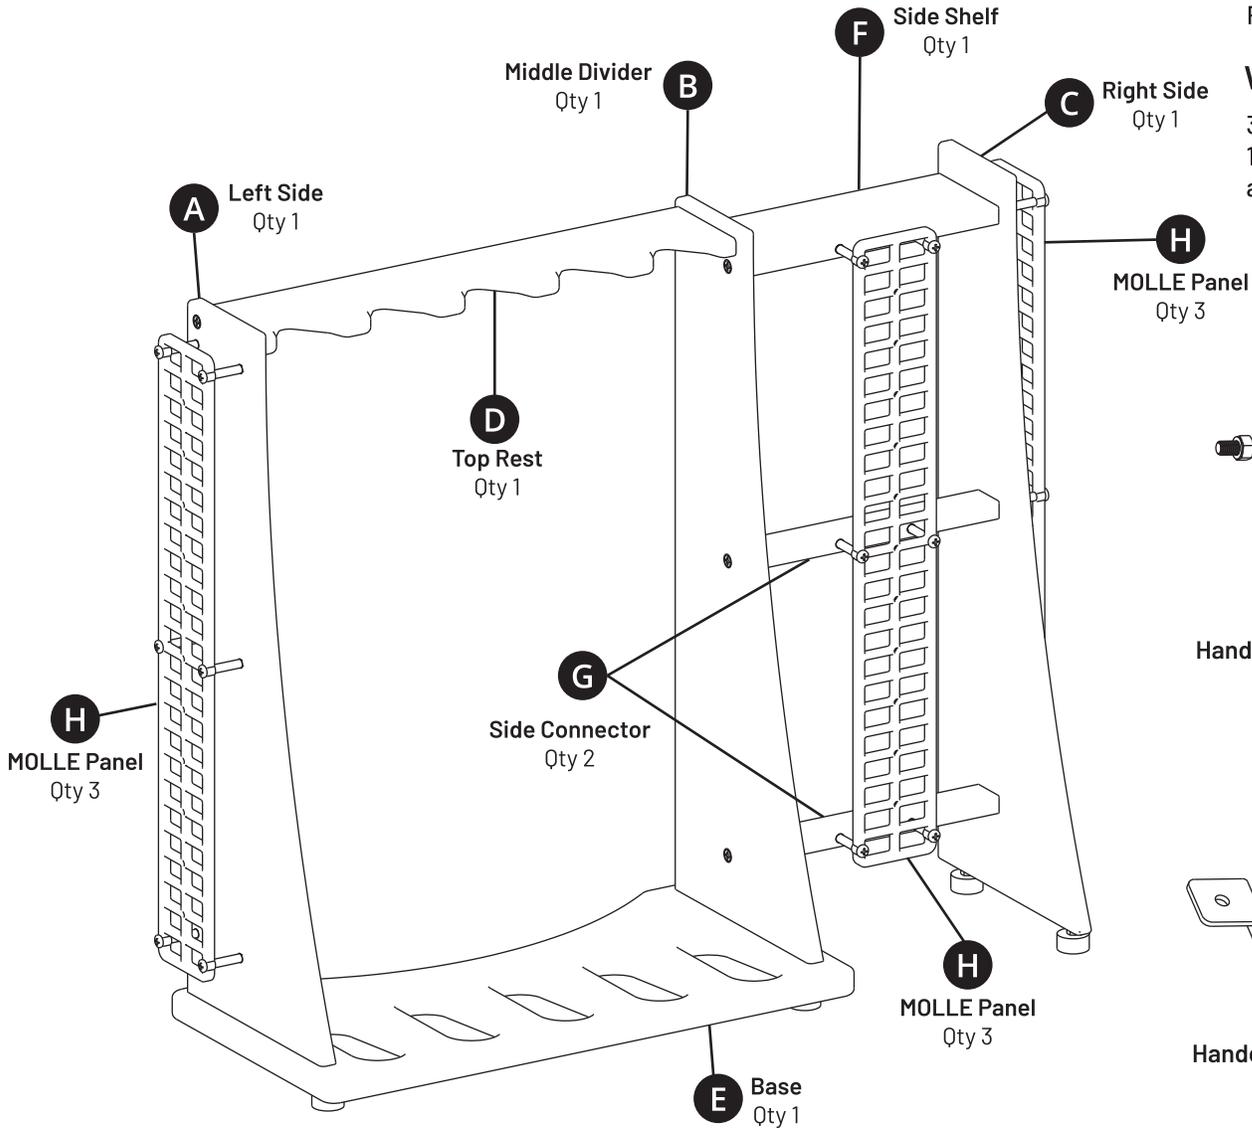

FIREARM RACK PARTS

REQUIRED TOOLS:

Phillips Head Screwdriver

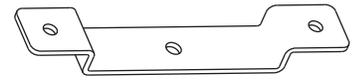

WEIGHT LIMITS:

35 pounds per MOLLE panel
10 pounds per handgun attachment

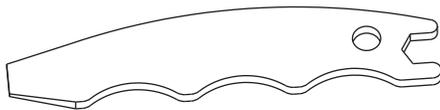

I

Handgun Attachment Hook
Qty 8

J

Handgun Attachment Bracket
Qty 4

K

Attachment Adjustment Tool
Qty 1

L

Small Screw
M6 x 35mm
Flat Head
Qty 10

M

Medium Screw
M6 x 50mm
Round Head
Qty 14

N

Large Screw
M6 x 70mm
Round Head
Qty 4

O

Standoff
Qty 18

P

Nut
M5
Qty 12

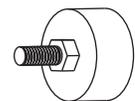

Q

Wood Dowel
Qty 2

R

M5 Thumbscrew
Qty 4

S

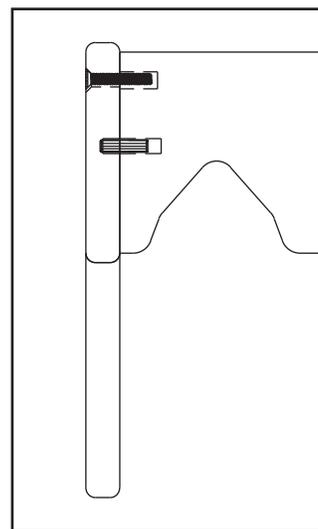

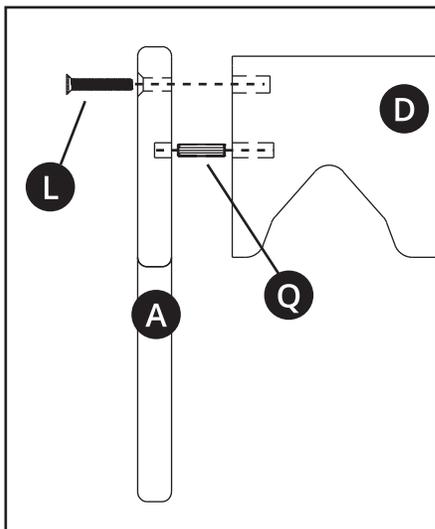

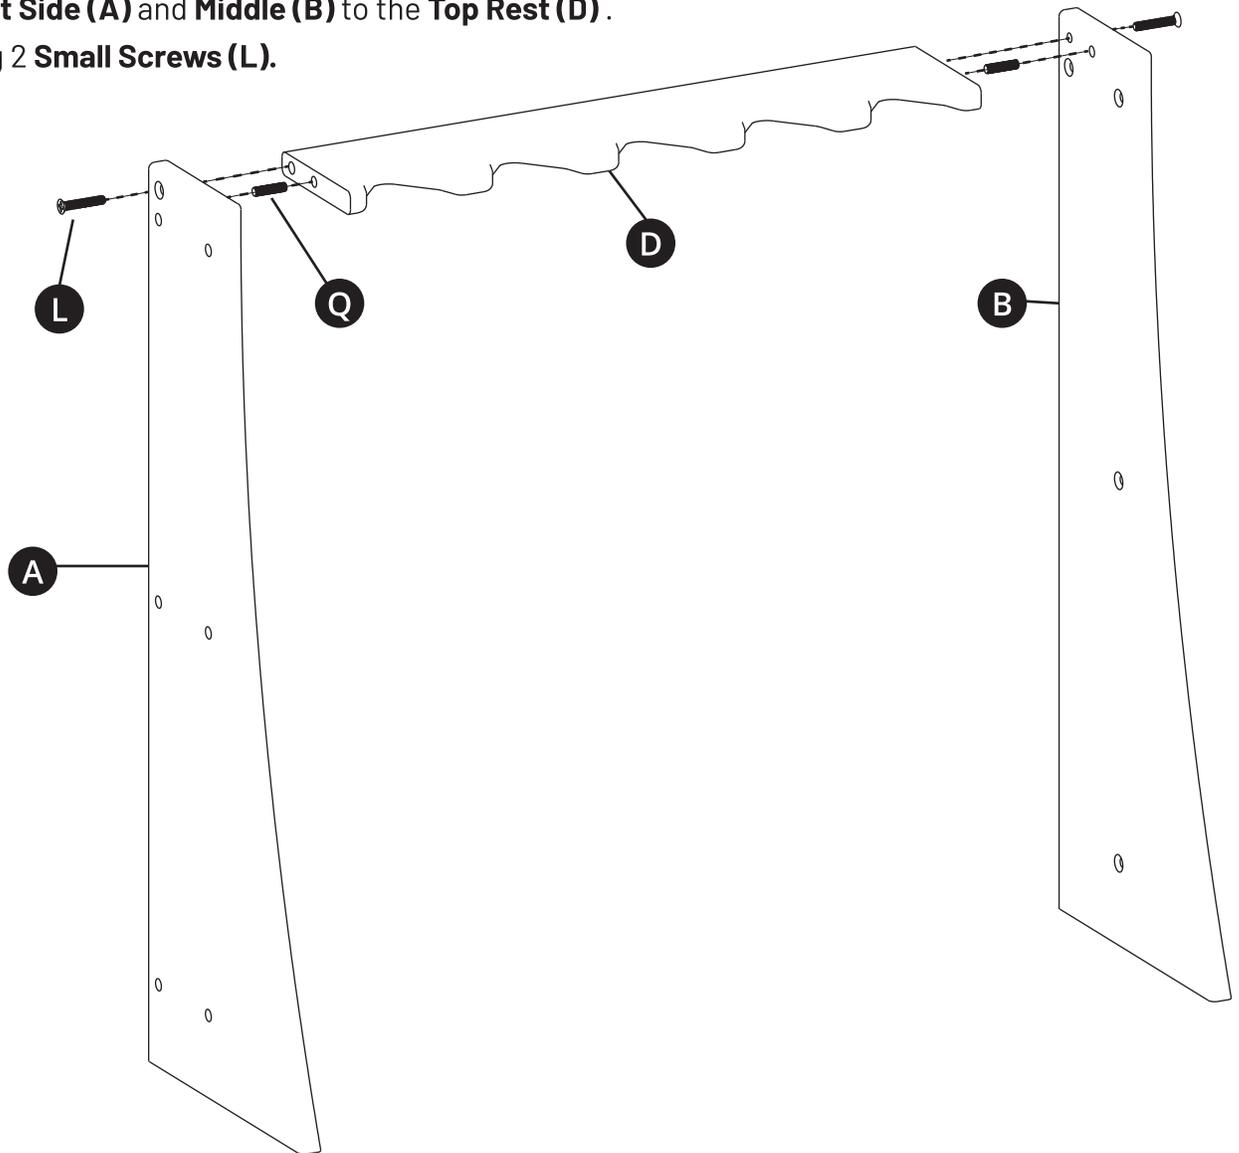

M6 Threaded Feet
Qty 6

INSTALLATION STEPS

1

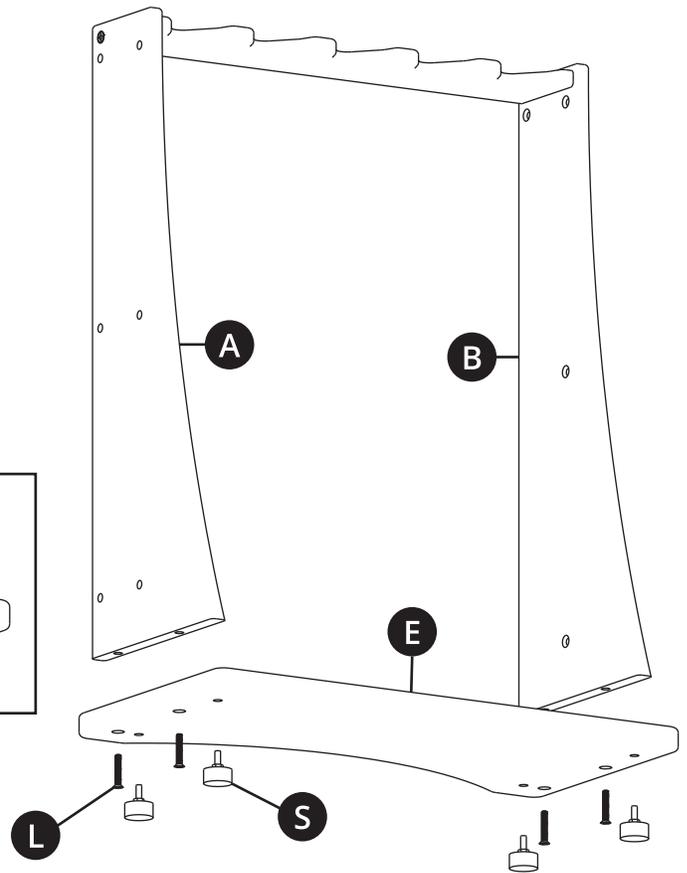

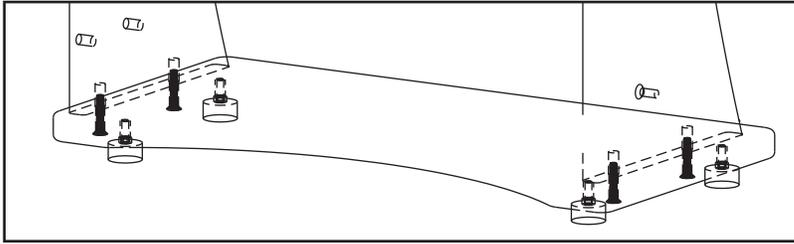

Assemble the Top Section

- Insert **Wood Dowels (Q)** into the pre-drilled holes on the **Top Rest (D)**.
- Align the **Left Side (A)** and **Middle (B)** to the **Top Rest (D)**.
- Secure using 2 **Small Screws (L)**.

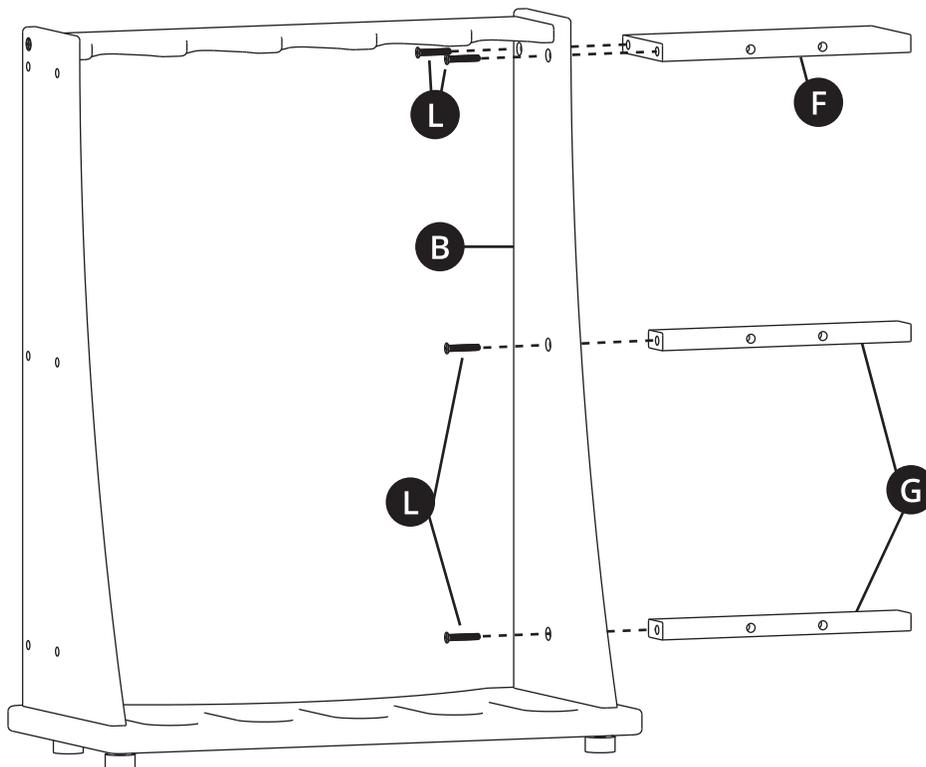

2**Attach Top Assembly to Base**

- Position the **Left Side (A)** and **Middle (B)** assembly onto the **Base (E)**.
- Attach using 4 **Small Screws (L)**.
- Attach 4 **Threaded Feet (S)** into the threaded inserts on the bottom of the **Base (E)**.

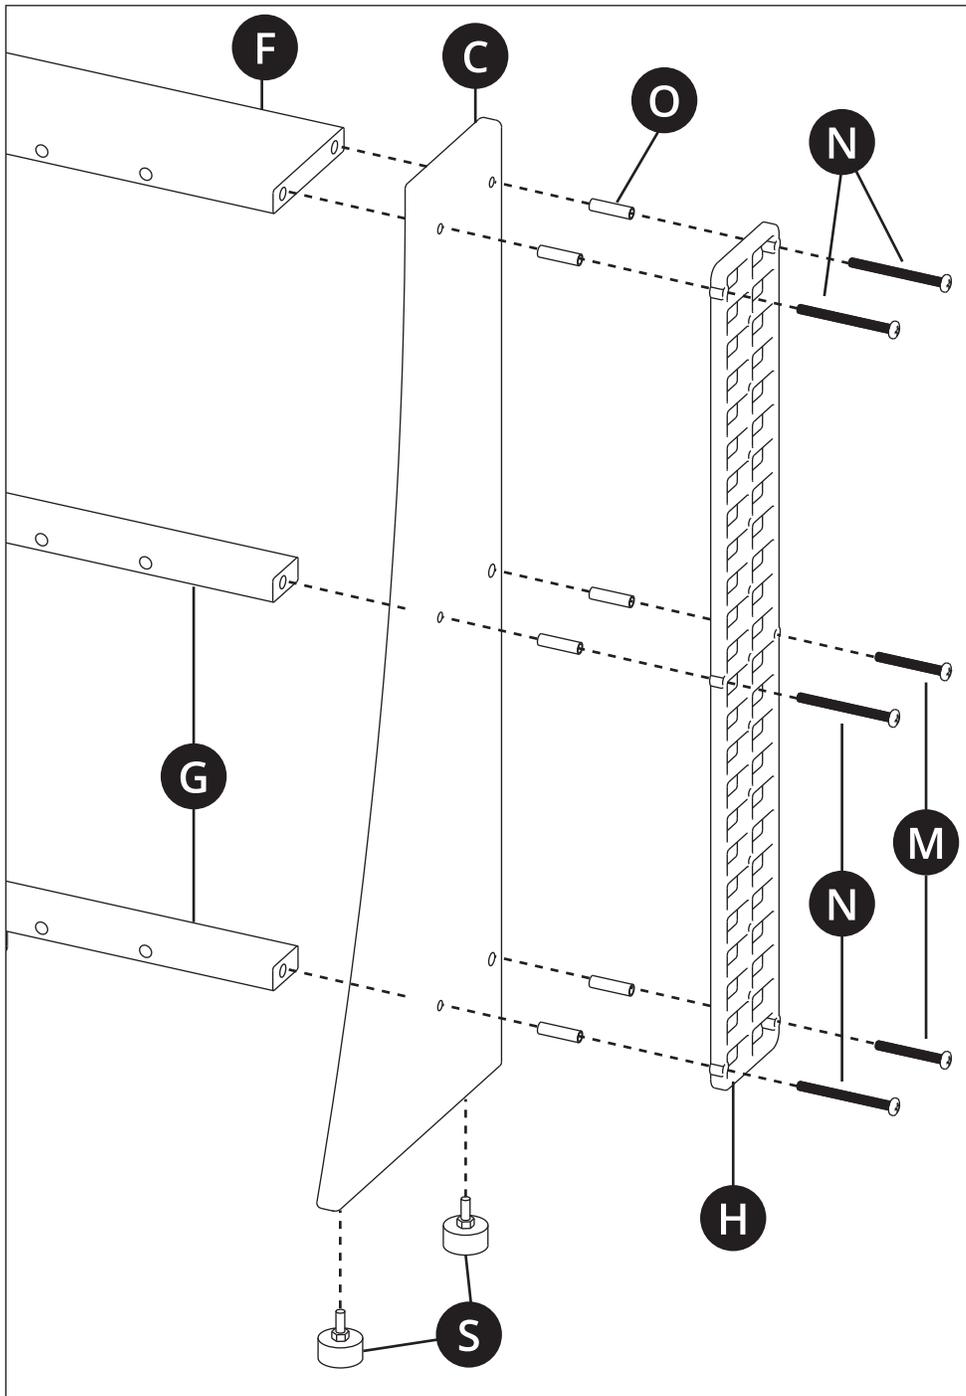

**3****Install Side Shelf**

- Position the **Side Shelf (F)** against the **Middle (B)** and secure using 2 **Small Screws (L)**. Ensure the threaded inserts face the front and the slots for magnets are on the bottom.
- Position the **Side Connectors (G)** against the **Middle (B)** and secure using 1 **Small Screw (L)** each.

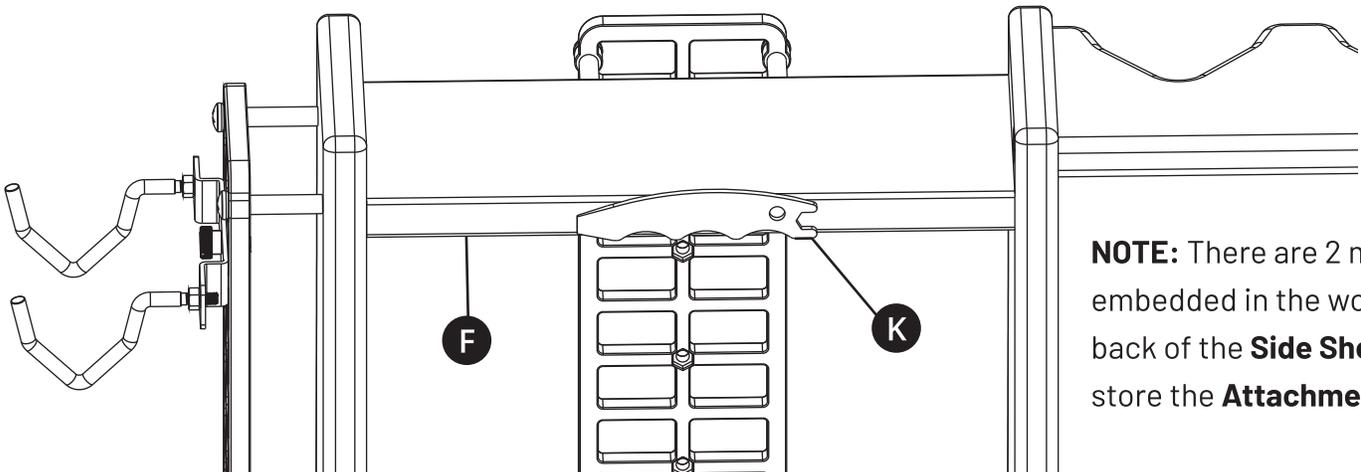

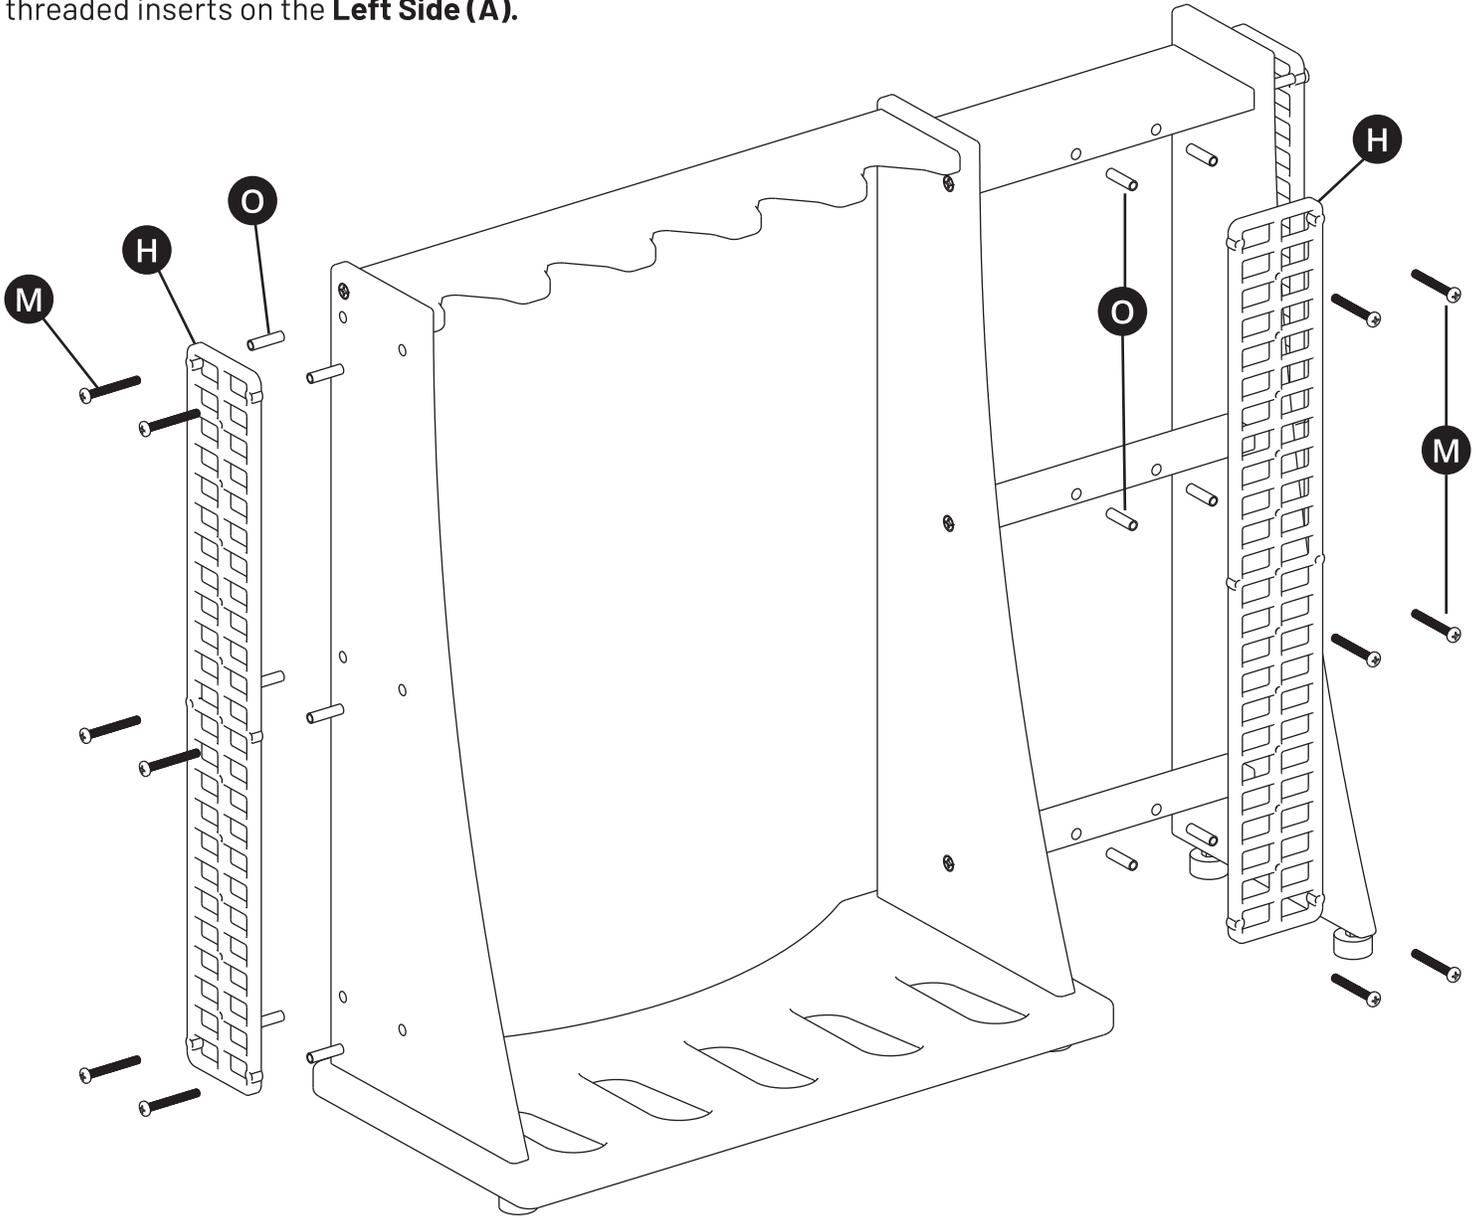

Assemble Right Side and MOLLE Panel

- Insert **Standoffs (O)** between the **MOLLE Panel (H)** and mounting surfaces as shown in the illustration. Ensure the nut cutouts are facing the wood, this is the back of the panel.
- Use 4 **Large Screws (N)** to fasten through the **MOLLE Panel (H)**, **Standoffs (O)**, and **Right Side (C)** into the **Side Shelf (F)** and **Side Connectors (G)**.
- Use 2 **Medium Screws (M)** to fasten directly into the threaded inserts on the **Right Side (C)**
- Tighten gradually so **MOLLE Panel (H)** remains even and parallel.
- Attach 2 **Threaded Feet (S)** into the inserts on the bottom of the **Right Side (C)**.

Install Remaining MOLLE Panels

- Use 6 **Standoffs (O)** and 6 **Medium Screws (M)** to secure one of the **MOLLE Panels (H)** against the threaded inserts on the front of the **Side Shelf (F)** and **Side Connectors (G)**.
- Use 6 **Standoffs (O)** and 6 **Medium Screws (M)** to secure the remaining **MOLLE Panels (H)** against the threaded inserts on the **Left Side (A)**.

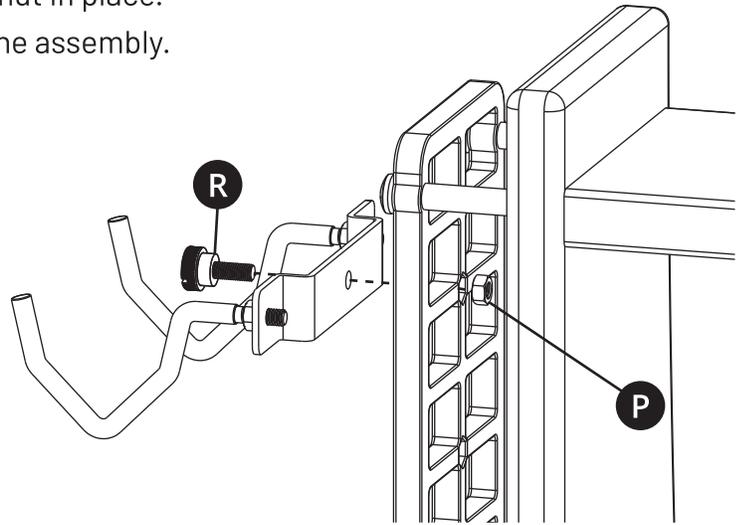

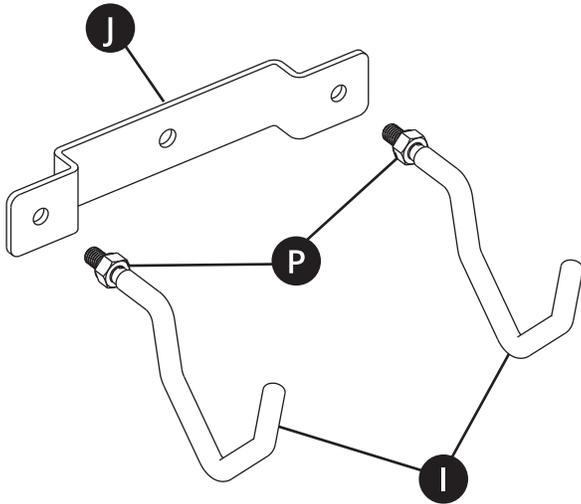

NOTE: There are 2 magnets embedded in the wood in the back of the **Side Shelf (F)** to store the **Attachment Tool (K)**

6

Assemble Handgun Attachments

- Each **Handgun Attachment Hook (I)** should have a **Nut (P)** on it already, if not then thread the nuts onto the hooks.
- Thread the hooks into the **Handgun Attachment Bracket (J)**.
- Align the bracket with the holes on the **MOLLE Panel (H)** and secure using a **Thumbscrew (R)** and **Nut (P)**.
The cutouts on the back of the MOLLE panel hold the nut in place.
- Use the **Adjustment Tool (K)** to tighten and secure the assembly.

7

Adjust and Store

- Each handgun will need a custom setup for storage. Rotate the **Handgun Attachment Hook (I)** within the **Handgun Attachment Bracket (J)** and use the **Adjustment Tool (K)** to tighten the **Nut (P)** and **Thumbscrew (R)** to keep the hook and bracket at the desired angle for each handgun.
- Thread your PALS webbing and MOLLE compatible gear through the panels.
